RECEIVED
OCT 13 2000
FCC MAIL ROOM

In the matter of: Request for Review by Clackamas Education Service District of Decision of Universal Service Administrator with reference to FCC Docket Nos. 97-21 and 96-45.

Re: Billed Entity Number: 144842
Application Numbers: 143605, 143609, 143640, 145618, 147531, 147532, 147541

I hereby submit this letter of appeal to the Federal Communications Commission. Enclosed you will find the Administrator's Decision on Appeal - Funding Year 1999-2000 dated September 15, 2000 stating that the above applications were denied in full for the following denial reason:

- The applicant certifies on the FCC Form 471 that the entities it represents have secured access to adequate resources to make effective use of the discounts. It is the responsibility of the applicant to provide documentation to support that certification if requested.

Also enclosed you will find the appeal letter and appropriate supporting material that was sent to the Schools and Libraries Corporation dated April 5, 2000.

As explained in the letter to the Schools and Libraries Corporation, Clackamas Education Service District hosts a statewide program called the Oregon Public Education Network (OPEN), which is a project of the Oregon Association of Education Service Districts. OPEN was organized in 1996 to provide Internet access to K-12 schools in Oregon.

Please contact either party below to discuss this appeal. Your decision is critical for Oregon schools and students.

Sincerely,

Tom Cook, Director

Re: Billed Entity Number: 144842
Application Number: 143605, 143609, 143640, 145618, 147531,
147532, 147541
Your Correspondence Dated: April 5, 2000

After thorough review and investigation of your appeal, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company has resolved your appeal seeking approval of additional discounts for the second program year. This letter addresses our decision concerning each Funding Request Number that was included in your letter of appeal for the Application Number cited above. If your letter of appeal addressed more than one Application Number, a separate letter will be issued to inform you of our decision on the appeal of each Application Number included in your appeal.

Decision on Appeal: Denied in full.

Denial Reason:

- The applicant certifies on the FCC Form 471 that the entities it represents have secured access to adequate resources to make effective use of the discounts. It is the responsibility of the applicant to provide documentation to support that certification if requested.

If you feel further examination of your application is in order, you may file an appeal with the Federal Communications Commission, Office of the Secretary, 445 12TH Street, S.W., Room TW-A325, Washington, DC 20554. Before preparing and submitting your appeal, please be sure to review the FCC rules concerning the filing of an appeal of an Administrator's Decision, which are posted to the SLD Web Site at <www.sl.universalservice.org>. You must file your appeal with the FCC no later than 30 days from the date of this letter, in order for your appeal to be timely filed.

We thank you for your continued support, patience, and cooperation during the appeal process.

RE: Applicant Name: Clackamas Education Service District
 Form 471 Application Numbers: 143605, 143609, 143640, 145618, 147531, 147532 and 147541
 Billed Entity Number: 144842
 Funding Year: 1999-2000

In the letter received from Kate Moore, President of Schools and Libraries Division, USAC, dated March 9, 2000 it was stated "... we reached our decision based on our finding that when you filed your FCC Form 471, you did not have permission to act on behalf of all of the entities that you listed on your consortium application. This determination was made because at least one member of your consortium was unaware of the application that you submitted, and you were unable to provide us with a Letter of Agency from that entity."

In explanation of the appeal, please consider the following information. Clackamas ESD hosts a statewide program called the Oregon Public Education Network (OPEN), which is a project of the Oregon Association of Education Service Districts. OPEN was organized in 1996 to provide Internet access to all K-12 schools in Oregon. The OPEN structure is made up of Technical Centers which provide the connectivity to the schools (**See Attachment A**). OPEN serves the Technical Centers, which in turn serve the school districts/schools. **Attachment B** is a list of the Technical Centers and the schools that they serve. **Attachment C** is a list of the distribution of e-rate discounts to the served entities based on receipt of funding. **Attachment D** is a list of contacts at each of the Technical Centers.

Sue Hartnett contacted us asking for 103 Letters of Agencies. I explained to Sue that we do not directly serve the 103 districts that she was referring to, but that we serve the Technical Centers and asked if we could submit the Letter of Agency from those entities. She was checking to see if this would be appropriate. After multiple messages and conversations on different days with Sue, she stated that "they are having a meeting in Washington and I should hear back today", I never received a response from her.

I believe that there was some confusion regarding the schools/school districts listed on the application. On our original request, I listed only the entities that we serve. PIA contacted me and asked me to provide the backup to the discount calculations that we listed. This resulted in sending the PIA a list of the school districts/schools that are served under the entities that we serve. The PIA must have contacted one of those school districts/schools that were listed in showing the calculations for the served entity.

Your decision is critical for Oregon schools and students. After review of this appeal, please contact me to discuss your findings or to answer further questions you may have.

Sincerely,

A handwritten signature in cursive script that reads "Tom Cook".
